Suggestions TWO DAYS AFTER

As Ever and Even a Little More so, Hence They Denounce the Bill.

By United Press Wire. Washington, Feb. 17.—Two days fter the bill's passage, a bitterly anagonistic minority report on Candian reciprocity was filed yesterda. y six members of the house ways an emas committee. It was signed by epresentatives Dalaell, Republican cunsylvania; Calderhead, Republic an, Kansas; Fordeny, Republican, Richigan: Gaines, Republican, West leginia; Dwight, Republican, New fork, and Ellis, Republican, Oregon topresentative Broussard, Democrat ublana, filed his views against the ensure, declaring that as the hous as not permitted to formulate it, the d was unconstitutional.

The minority report concluded: "When the president's message erging reciprocity was sent to conthis manifest sacrifice was rought to be justified on lofty philan prople grounds; Good will to our truggling neighbor of the same langge and traditions and all that sor thing, a fantastic combination of trulim and revenue. Now, however he advocates of the measure find themselves driven by the logic of the tuation to confess that this is fre rade and was intended to be so fa is it could be secured, and that ught to be free trade altogether.

A new definition is sought to b given to the term protection. It I said not to apply as between partic whose production is substantially similar and then it is asserted that Canadian products and American are substantially the same. The assertion is not borne out by the facts"

Private Secretaries. Washington, Feb. 17.-After a brief but spirited debate the house de elined to agree to the senate amend ment increasing the salary of the secretary to the president from \$6. 000 to \$10,000 a year. The vote or the motion to disagree to the senate proposition was 130 to 52.

Of all the men who spoke against the senate amendment, Representative Raincy of Illinois was the most bitter. Washington, Feb. 17.By a vote of 52 to 130, the house yesterday refused an increase of \$4,000 per year to the secretary to the president. The votcame after a heated debate on the re port of the conference on the legisative, executive and judicial appro priation bill, announcing a disagree-ment on the action of the senate in making the salary \$10,000.

"These secretaries seem to have one duty in particular." said Rainey. Democrat, Illinois. "That is to prevent members of congress who have in-curred the displeasure of the president from seeing him. As for the tact nec essary for the position, why, only short time ago an old woman (Mrs Minor Morris) went to the White House. Because she did not leave the anterpoons as soon as one of these secretaries wanted her to, he had her dragged screaming across the White House grounds.
